

Home care keeps families together, helps them adjust to a new lifestyle, and affords greater dignity. Home care allows for continued medical treatment in a comfortable, familiar environment. Our home care representatives work hard to meet your health care needs. Nova Home healthcare provides a wide spectrum of services. These range from general nursing and infusion therapies to diabetic monitoring, rehabilitation programs, and home support services.

We personalize home care by providing experienced medical professionals and support services coordinated to meet your medical, social, family, and emotional needs.

Nova Home Healthcare provides services from the following healthcare professionals under the direction of your physician:

- Registered Nurse
- Licensed Practical Nurse
- Psychiatric Nurse
- Certified Nursing Assistant (HHA)
- Medical Social Worker
- Physical Therapist
- Occupational Therapist
- Speech Therapist

Our Nursing Services are led by Registered Nurses dedicated to meeting the needs of our patients. Care is coordinated with the physician and is provided in the patient's home. Some benefits of receiving nursing care at home include:

- Diabetes management
- Vital Signs & Glucose Monitoring
- Pain Management
- Infusion Therapy
- Teaching of Medications & Disease Process
- Catheter Care
- Administration of Injections
- Laboratory Testing
- Post-Surgical Care
- Cardiac management
